Meeting needs Touching hearts One life at a time

What our clients are saying about us...

When we asked our clients what they liked best about us they answered?

"Very understanding and loving place where I feel comfortable."

"They are nice about things that other people may look down upon, and the people here relate to me"

"The staff here are very nice and respectful"

Director's Desk: "FINDING OUR WAY"

By David Whitaker, MMCC, PhD., Executive Director

The greatest challenge of my family's life, recently, was *finding our way* to California! I am sure this won't surprise you, but we made it all the way to Castro Valley from the Upper Peninsula of Michigan, but got lost three times before we found Union City. Finally, after a call to a caring staff person at Pregnancy Choices, we were spared any further pain, and a quick compassionate intervention got us here. She said "stay put, I am coming to get you"! This person reminded me of our Savior who is quick to help us when in trouble. So often throughout our trip, particularly in the Nevada Mountain snow storm we encountered, the Lord said, "just focus on one piece of road at a time, and remember that I am with you on this journey"!

We recognize that most of life is about "*finding our way*". It is discovering answers to our most perplexing questions and situations. The journey through life's highways can be as daunting as those snowy roads in Nevada. Pregnancy Choices Clinic has recently journeyed some difficult highways with the loss of a recent director, and changes once again of employing a new director. These are not easy times for us, but God is faithful! Praise the Lord that we have a God who manages the "highways" and offers quick, compassionate intervention to get us where we need to be! He reminds us that *He* is in charge, and the captain of the highways! I asked my wife, Denise, why the Lord wouldn't allow me to have perfect weather and perfect road conditions every day of my 5 day journey here. The answer came as quickly as the question – because we learn how to trust God in the spiritual journey, by trusting him in our daily physical circumstances! I am thankful that we have a Savior who wants to teach us to trust Him – because our work here is "faith work" and requires our simple trust in Him!

MEMORIAL GIFT

In the last few months the Clinic has lost two very important and inspirational leaders. Judy McConaughy who was the cornerstone of PCC for over 10 years, and Rowena Carbin who was instrumental in setting up the Clinic as it is today as well as serving in this ministry in many ways over the past decade.

In order to remember them and support the work they loved so dearly, you are able to

- Make a memorial gift to PCC's Legacy for Life Endowment which will provide perpetual funding for the ministry.
- Each January the Endowment provides an annual distribution to the Center based on the December 31st value.
- This year the funds were used to purchase car seats for our newborns. What a great way to remember Judy and Rowena!
- You should make your memorial in the form of a check payable to Pregnancy Choices Clinic with a designation on the memo line.

• We are also able to take donations of securities such as appreciated stock. Gifting the stock before it is sold will eliminate the capital gain tax and permit a larger charitable donation.

• You can also make a deferred gift with a simple bequest in your will or beneficiary designation on your life insurance and retirement plan. Any of these deferred gifts will answer the all important question of "who will give when you are gone?" When the Lord calls you home like He did Judy and Rowena, you will be assured that PCC will continue it's life affirming ministry. As an example... If you are a faithful supporter of \$100/month, a deferred gift of \$25,000 will provide that equivalent amount in perpetuity. What a great statement of faithfulness.
